Continental drift is the theory that the continents have shifted their positions over t i ████. The c o n t i ████ had once been joined t o g e ████ in a single large continent Pangaea which then s p ████ into the m o d ████ continents, which then d r i ████ i n ████ their c u r ████ positions. We now know that t h ████ was only one of a s e r ████ of s i m ████ events by which c o n t i ████ have alternately been pushed together and pulled apart.

Continental drift is the theory that the continents have shifted their positions over time. The continents had once been joined together in a single large continent Pangaea which then split into the modern continents, which then drifted into their current positions. We now know that this was only one of a series of similar events by which continents have alternately been pushed together and pulled apart.

drawing.

Drawing has been a popular and fundamental means of public expression throughout human history. It is one of the simplest and most efficient means of communicating ideas. The wide availability of drawing instruments makes drawing one of the most common artistic activities. In addition to its more artistic forms, drawing is frequently used in commercial illustration, animation, architecture, engineering, and technical drawing.

Blues as a genre is characterized by its lyrics, bass lines, and instrumentation.

Early traditional blues verses consist of a single line repeated four times. It was only in the first decades of the 20th century that the modern common current structure became standard: the AAB pattern, consisting of a line sung over the first bars, its repeat over the next four, and then a long concluding line over the last bars.
